Bio

Mduduzi Mbiza has been a writer since 2014. He started as a short story writer and later began writing articles, particularly in education. As a professional writer and researcher, Mr Mbiza has honed his skills through years of experience. His work has been featured in various publications, including The Conversation, News24, Daily Maverick, Mail & Guardian, The South African, Modern Ghana, Business Insider South Africa, and Head Topics. He has co-authored a commentary publication in a peer-reviewed journal, the South African Journal of Science. He is a self-taught and dedicated writer with experience on numerous topics in education, politics, and technology.
